CAGE Code 50434

Change Type:

New LED

Parts Affected:

See following page for full part number list.

Description and Extent of Change:

Avago Technologies is currently qualifying a new vendor for the LED utilized in the above products, to optimize the product performance with the new Driver IC (see PCN V11-223-475316-0A). Qualification has been successful and approved. This new LED will replace the current LED in production. Controls are in place to assure traceability of the LED to the appropriate vendor for all products.

There are no data sheet parameters affected by this change.

Reasons for Change:

Optimize product performance with the New Driver IC.

Effective Date of Change:

The exact date of change is Date Code 1237.

Controls are in place to assure traceability of the IC to the appropriate supplier for all products affected. GIDEP Product Change Notice, Document JL8-C-12-0002, reflecting this change was published and posted in August 2012. Please contact Debbi Beauchesne at 408-435-4143 or debbi.beauchesne@avagotech.com if there are any questions or concerns.
